EXPLANATORY STATEMENT

This Explanatory Statement (“Statement”) accompanies and forms part of the Company’s Notice of Annual General Meeting (“Notice”) to be held at 1:30pm (AWST) on Thursday 13 November 2025.

Receipt and consideration of Accounts & Reports

A copy of the Annual Report for the financial year ending 30 June 2025 which incorporates the Company's financial report, reports of the Directors (including the Remuneration Report) and the auditor's report) is not enclosed as there is no longer a requirement for the Company to incur the printing and distribution costs associated with doing so for all shareholders. You can access the annual report at the Company's website: www.emperorenergy.com.au or via the Company's announcement platform on ASX.

Shareholders will have the opportunity to ask questions about or make comments on the 2025 Annual Report and the management of the Company. The auditor will be invited to attend, to answer about the audit of the Company's 2025 Annual Financial Statements.

ORDINARY BUSINESS

Resolutions 1 – Adoption of Remuneration Report

Background

Section 250R(3) of the Corporations Act 2001 requires that a resolution to adopt the Remuneration Report must be put to the vote at the Annual General Meeting. The vote on this Resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report is set out in the Directors' Report in the Company's 2025 Annual Report. The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company.

In accordance with Section 250SA of the Corporations Act 2001, Shareholders will be provided with a reasonable opportunity to ask questions concerning, or make comments on, the Remuneration Report at the Annual General Meeting.

In accordance with Division 9 of part 2G.02 of the Corporations Act 2001, if twenty five (25%) per cent or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a “spill resolution”) that another meeting be held within 90 days at which all of the Company's directors (other than the Managing Director) must go up for re-election.

It is noted that at the Company's last Annual General Meeting, the votes cast against the Remuneration Report represented less than twenty-five per cent (25%) of the total votes cast and accordingly, a spill resolution will not under any circumstances be required for the Annual General Meeting.

The Directors will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the Meeting when reviewing the Company's remuneration policies.

Board Recommendation

Noting that each Director has a personal interest in their own remuneration from the Company (as such interests are described in the Remuneration Report) and, as described in the voting exclusions on this resolution (set out in the Notice of AGM), that each Director (or any Closely Related Party of a Director) is excluded from voting their shares on this resolution, the Directors unanimously recommend that shareholders vote in favour of Resolution 1 to adopt the Remuneration Report.

Voting Exclusions

Refer to Note 6 and 7 for voting exclusions.

Resolution 2 – Re-election of Carl Dumbrell as a Director

Background

The Constitution of the Company requires that at every Annual General Meeting, one-third rounded down to the nearest whole number of the Directors, shall retire from office and provides that such Directors are eligible for re-election at the meeting. Carl Dumbrell being eligible, offers himself for re-election.

Carl Dumbrell is a partner in a Sydney accounting firm with 20 years' experience in taxation and assurance services in Australia and England, and with an on-going involvement in the raising of finance and the divestment of assets for listed companies.

Carl has Bachelor of Commerce and Master of Taxation Law degrees and is a Chartered Accountant in both Australia and in England & Wales, as well as being a Chartered Tax Advisor, Registered Company Auditor, Registered Self-Managed Superannuation Fund Auditor, and Member of the Australia Institute of Company Directors.

Carl is a CEO and Executive Director of Herencia Resources Plc, Chairman Mosman Oil & Gas Limited (AIM:MSMN) Chairman of the Kennedy Foundation, Chairman of St Michael's Golf Club Foundation Ltd and President of St Michael's Golf Club Limited.

Board Recommendation

The Board (with Carl Dumbrell abstaining) recommends that shareholders vote in favour of the election of Carl Dumbrell. The Chairman of the meeting intends to vote undirected proxies in favour of Carl Dumbrell election.

Voting Exclusions

There are no voting exclusions on this resolution.

Resolution 3: Ratify prior share placement – 16 July 2025

The Company is seeking Shareholder approval to ratify the issue of fully paid ordinary shares issued on 16 July 2025 of 120,000,000 fully paid ordinary shares, which the company announced on 9 July 2025 "Successful \$3.7M Placement to Advance Judith-2 Well to Final Investment Decision".

Broadly speaking, and subject to a number of exceptions ASX Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of fully paid ordinary securities it had on issue at the start of that period.

The Issue does not fit within any of these exceptions and, as it has not yet been approved by the Company's shareholders' it effectively uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without shareholders' approval under Listing Rule 7.1 for the 12-month period following the Issue Date.

ASX Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of Equity Securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved and under Listing 7.1 and so does not reduce the Company's capacity to issue further Equity Securities without shareholder approval under that rule.

The company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain shareholder approval for such issues under Listing Rule 7.1.

To this end, resolution 3 seeks the shareholder approval to the Issue under and for the purposes Listing Rule 7.4.

If resolutions 3 is passed, the Issue will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of equity securities it can issue without shareholder approval over the 12-month period following the Issue date.

If resolution 3 is not passed, the Issue will be included in calculating the Company's 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities it can issue without shareholder approval over the 12-month period following the Issue date.

ASX Listing Rule 7.5 requires that the following information be provided to shareholders for the purpose of obtaining shareholder approval pursuant to ASX Listing Rule 7.4:

- (A) The total number of fully paid ordinary shares in the company that were issued on 16 July 2025 was 120,000,000 (105,500,000 LR 7.1 & 14,500,000 LR7.1A).
- (B) The shares issued to Tomlin Sales Pty Ltd (3,419,355), Michaela Morgan (250,000), Marford Group (12,903,226), Penstock Advisory (3,870,968), J Welch (6,451,613), K Rigg (6,451,613), Argonaut Wealth (37,137,094), Argonaut Naterial Resources Fund (5,967,742), Argonaut Partners (6,451,613), Perennial Value (9,677,420), Nero Resources Fund (11,290,323) and Soul Patts (16,129,033), the institutional, sophisticated and professional investors of Argonaut.
- (C) The shares were issued on 16 July 2025 at a price of \$0.031 per share.
- (D) The shares allotted and issued rank equally with the existing shares on issue.
- (E) The company raised \$3,700,000 from the issue.
- (F) The funds will be used for the company's ongoing exploration and corporate activities.
- (G) Argonaut Securities Pty Ltd acted as lead manager for the capital raise in Resolution 3. Their fee for acting in this capacity was 6% of funds raised.

BOARD RECOMMENDATION

The Board unanimously recommends that the Shareholders vote in favour of Resolution 3.

Voting Exclusions

Refer to Note 6 and 7 for voting exclusions.

Resolution 4: Ratification of the appointment of Douglas Jendry as a Director of the Company

Section 201H of the Corporations Act 2001 requires that if a person is appointed by the other directors as a director of a public company, the company must confirm the appointment by resolution of the company shareholders at the next General Meeting.

Douglas Jendry is a highly experienced oil and gas executive with comprehensive experience both in Australia and internationally. Mr Jendry has held numerous board positions and executive management positions in the oil and gas sector and recently served on the boards of Aridden Limited, IPB Petroleum Limited, Talon Energy Limited, Capricorn Metals Limited and is an advisor to the Nero Resources Fund.

Resolution 5: Ratification of the appointment of Malcolm King as a Director of the Company

- (a) up to 5,000,000 Incentive Options to Douglas Jendry or his nominee(s) (the subject of Resolution 7);
- (b) up to 5,000,000 Incentive Options to Carl Dumbrell or his nominee(s) (the subject of Resolution 8);
- (c) up to 5,000,000 Incentive Options to Philip McNamara or his nominee(s) (the subject of Resolution 9);

- (d) up to 5,000,000 Incentive Options to Nigel Harvey or his nominee(s) (the subject of Resolution 10);
- (e) up to 5,000,000 Incentive Options to Malcolm King or his nominee(s) (the subject of Resolution 11); and
- (f) up to 2,500,000 Incentive Options to Geoffrey Geary or his nominee(s) (the subject of Resolution 12);

Refer to Annexure A of this Explanatory Memorandum for the terms of the Incentive Options.

Under the Company's current circumstances, the Directors (in the absence of the Participating Directors regarding each of their respective Resolutions) consider that the grant of Incentive Options represents a cost-effective way for the Company to remunerate the Participating Directors / Consultants, as opposed to cash remuneration. The Incentive Options are not considered to constitute a material personal interest for any of the Participating Directors / Consultants.

The number of Incentive Options to be granted to each of the Participating Directors has been determined (in the absence of the Participating the remuneration of the Participating Directors regarding each of their respective Resolutions) based upon a consideration of:

- (a) the remuneration of the Participating Directors / Consultants;
- (b) the extensive experience and reputation of the Participating Directors within the industry;
- (c) the current price of Shares;
- (d) the Directors' wish to ensure that the remuneration offered is competitive with market standards and practice. The Directors have considered the proposed number of Incentive Options to be granted and will ensure that the Participating Directors' overall remuneration is in line with market practice;
- (e) attracting and retaining suitably qualified non-executive directors; and
- (f) incentives to attract and ensure continuity of service of Directors who have appropriate knowledge and expertise, while maintaining the Company's cash reserves.

The Company does not consider that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Incentive Options upon the terms proposed.

Resolutions 7 to 12 (inclusive) seek Shareholder approval for the purposes of Listing Rule 10.11 and for all other purposes to grant Incentive Options to the Participating Directors, as set out above.

1.2 Related Party Transactions Generally

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of the public company unless either:

- (a) the giving of the financial benefits falls within one of the nominated exceptions to the provision; or
- (b) Shareholder approval is obtained prior to the giving of the financial benefit, and the benefit is given within 15 months after obtaining such approval.

For the purposes of Chapter 2E of the Corporations Act, each of the Participating Directors is a related party of the Company.

In relation to Resolutions 7 to 12 (inclusive), the Board (in the absence of the Participating Directors regarding each of their respective Resolutions) has formed the view that Shareholder approval under section 208 of the Corporations Act is not required for the proposed issue of Incentive Options, on the basis that the issue of Incentive Options is considered by the Board (in the absence of the Participating Directors regarding each of their respective Resolutions) to constitute reasonable remuneration and, therefore, the exception in section 211 of the Corporations Act applies to the Resolutions. Section 211 provides that Shareholder approval is not required for

the purposes of section 208 in circumstances where the benefit constitutes remuneration which would be reasonable given the Company's and the related party's circumstances.

1.3 Total remuneration package

The Participating Directors' fees per annum (including superannuation) and the total financial benefit to be received by them in this current period, as a result of the grant of the Incentive Options the subject of the Resolutions, are as follows:

Director / Consultant	Fees p.a.	Value of Incentive options \$	Total financial benefit \$
Douglas Jendry	75,000	81,994	156,994
Carl Dumbrell	75,000	81,994	156,994
Philip McNamara	75,000	81,994	156,994
Nigel Harvey	75,000	81,994	156,994
Malcolm King	75,000	81,994	156,994
Geoffrey Geary	-	40,997	40,997

The indicative valuation of \$0.016 per Incentive Option is a theoretical valuation of each Incentive Option using the Black – Scholes Model per section 1.4 below.

1.4 Valuation of Incentive Options

The Company's advisers have valued the Incentive Options proposed to be granted to the Participating Directors / Consultants using the Black – Scholes Model. The value of an option or right calculated by the Black – Scholes Model is a function of a number of variables. The valuation of the Incentive Options has been prepared using the following assumptions (as at 16 September 2025, being the last practicable date prior to dispatch of the Notice):

Variable	Input
Share price	\$0.054
Exercise price	\$0.083
Risk free interest rate	3.75%
Volatility	60%
Time (years to expiry)	3 years
Value per Incentive Option	\$0.016

Any change in the variables applied in the Black – Scholes calculation above between the date of the valuation and the date the Incentive Options are granted would have an impact on their value. Based on the assumptions above, it is considered that the estimated average value of the Incentive Options proposed to be granted to the Participating Directors / Consultant is \$0.016 per Incentive Option.

1.5 Information Requirements – Listing Rules 10.11 and 10.13

The proposed grant of Incentive Options to the Participating Directors pursuant to the Resolutions falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under and for the purposes of Listing Rule 10.11.

If Resolution 7 is passed, the Company will grant Incentive Options to Douglas Jendry or his nominee(s), as noted above.

SPECIAL BUSINESS

Resolution 15: Approval of 10% Placement Facility

Background

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued share capital through placements over a 12-month period after the annual general meeting ("10% Placement Facility"). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability, if required, to issue Equity Securities under the 10% Placement Facility. The effect of this Resolution will be to allow the Directors to issue Equity Securities under Listing Rule 7.1A during the 10% placement period (as described below) without using the Company's 15% placement capacity under Listing Rule 7.1.

If Shareholders approve this resolution, the number of Equity Securities permitted to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below).

If resolution is not passed, the Company will not be able access the additional 10% capacity to issue Equity Securities without Shareholders provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

This Resolution is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote at this Meeting

The Company continues actively seeking to increase work on its current exploration assets and reviewing new potential projects and investments. Should the Company utilise the 10% Placement Facility, it intends to use the funds to acquire new assets or investments, to conduct further work on its current projects or to meet additional working capital requirements.

Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an Annual General Meeting. This means it requires approval of 75% of the votes cast by shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice, has on issue one class of Equity Securities (Shares).

(c) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an Annual General Meeting may issue or agree to issue, during the period of the approval, issue or agree to issue a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of Shares on issue at the commencement of the "relevant period" (which, for the company, is the 12-month period immediately preceding the date of the issue or agreement):

- a) plus the number of fully paid Shares issued in the relevant period under an exception in Listing Rule 7.2, other than exception 9,16 or 17;
- b) plus the number of fully paid Shares issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - I. the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - II. the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved, under rule 7.1 or rule 7.4;
- c) plus the number of fully paid Shares issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - I. the agreement was entered into before the commencement of the relevant period; or
 - II. the agreement or issue was approved, or taken under the Listing Rules to have been approved, under rule 7.1 or rule 7.4;
- d) plus the number of fully paid Shares issued in the relevant period with approval of holders of Shares under Listing Rules 7.1 or 7.4;
- e) plus the number of partly paid Shares that became fully paid in the relevant period;
- f) less the number of fully paid Shares cancelled in the relevant period.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by shareholders under Listing Rule 7.1 or 7.4.

(d) Listing Rule 7.1 and Listing Rule 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2

(e) Minimum Issue Price

Any equity securities issued under rule 7.1A.2 must be in an existing quoted class of the eligible entity's equity securities and issued for a cash consideration per security which is not less than 75% of the volume weighted average market price (VWAP) for securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the securities are to be issued is agreed by the entity and the recipient of the securities; or
- (ii) if the securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the securities are issued.

(f) 10% Placement Period

An approval under this rule 7.1A commences on the date of the annual general meeting at which the approval is obtained and expires on the first to occur of the following.

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained.
- (ii) the time and date of the entity's next annual general meeting.

(iii) the time and date of the approval by shareholders of the eligible entity's ordinary securities of a transaction under rule 11.1.2 (a significant change to the nature or sale of activities) or rule 11.2 (disposal of main undertaking).

Listing Rule 7.1A

The effect of Resolution 15 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 15 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) if Resolution 15 is approved by Shareholders, the period for which the Shareholders approval of the 10% Placement Facility under Listing Rule 7.1A commences on the date of the Annual General Meeting at which the approval is obtained, being 13 November 2025, and expires on the first to occur of the following:
 - (i) the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained;
 - (ii) the time and date of the Company's next Annual General Meeting;
 - (iii) the time and date of the approval by shareholders of a transaction under Listing Rule 11.1.2 (a significant change to the nature or sale of activities) or 11.2 (disposal of main undertaking).
- (b) The Equities Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the Securities; or
 - (ii) if the Equity Securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (c) The purpose for which the funds raised by an issue of Equity Securities under rule 7.1A.2 may be used by the Company include:
 - (i) consideration for the acquisition(s) of the new assets and investments, including the expense associated with such acquisition(s); and
 - (ii) continued expenditure on the Company's current business and/or general working capital.
- (d) If Resolution 15 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the table below (in the case of Listed Options, only if the listed Options are exercised). Shareholders may also be exposed to economic risk and voting dilution, including the following:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and

(ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date, which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- No Listed Options (including any Listed Options issued under the 10% Placement Facility) are exercised into Shares before the date of the issue of the Equity Securities;
- The 10% voting dilution reflects the aggregate percentage dilution against the Variable "A" at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Annual General Meeting.

- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Listed Options, it is assumed that those Listed Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
- The issue price is \$0.054 (market price 16 September 2025).
- 57,934,713 Equity Securities were issued under Listing Rule 7.1A.2 in the 12-month period preceding the date of the meeting, LR 7.3A.6 (b):

30 December 2024 Placement

HSBC Custody Nominees (15,217,391), Certane CT Pty Ltd (13,043,479), JP Morgan Nominees Australia (13,043,478), Treasury Services (2,130,365), Total (43,434,713). Shares were issued at \$0.023 per share, raising \$998,998.

16 July 2025 Placement

Argonaut Wealth (14,500,000). Shares were issued at \$0.031 per share, raising \$449,500.

- (e) The company will comply with the disclosure obligations under listing Rule 7.1A (4) upon issue of any equity Securities.

The company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to relevant factors including, but not limited to, the following:

- (i) The methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
- (ii) The effect of the issue of the Equity Securities on the control of the Company;
- (iii) The financial situation and solvency of the Company; and
- (iv) Advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders, subject to compliance with listing Rule 10.11, and/or new Shareholders who are not related parties or associates of a related party of the Company.

Subject to the holder being permitted to exercise Options under clause 10, the Options may be exercised, in whole or in part (in multiples of no less than 100,000 Options (or where the holder holds less than 100,000 that lesser amount)), at any time before they lapse under clause 12 by lodging with the Company a notice of exercise provided by the Company (**Exercise Notice**), which must specify the number of Options being exercised accompanied by an electronic payment of the aggregate Exercise Price of the Options being exercised. An exercise of only some Options shall not affect the rights of the holder to the balance of the Options held by the holder. An Exercise Notice, once lodged with the Company, is irrevocable and by giving the Exercise Notice, the holder agrees:
 - (a) to subscribe for that number of Shares equivalent to the number of Options exercised under the Exercise Notice; and
 - (b) to become a member of the Company and be bound by the Company's constitution on the issue of Shares.
